3. Recollection of National Initiatives

Partners were also asked to recollect initiatives from their respective countries that represented the core values and practices of a Circular Economy or Social Entrepreneurship:

Source (doc, report, etc.)	Year	Description of the initiative	Circular Economy issues addressed
Eco-Ecole Program https://www.eco-ecole.org/le-programme/	2005	Eco-Ecole is the French version of Eco-Schools, an international program for education in sustainable development (ESD), developed by the Foundation for Environmental Education. The Teragir association launched the Eco-School program in 2005. The program aims to help students better understand the world around them in order to flourish and participate in it.	Eco-Ecole offers instructions for teaching teams to effectively deploy sustainable development from kindergarten to high school.
Horsnormes https://horsnormes.co/	2020	Horsnormes is a website which provide baskets of fruits and vegetables that are directly collected from farmers. It helps farmers to gain money while the consumers pay a faire price in exchange of the product, which foster the reduction of food waste.	Waste reduction of fruits and vegetables.
Fondation Terre Solidaire (Solidarity Earth Foundation) https://fondation-terresolidaire.org/quest-ce-que-	2016	The Terre Solidaire Foundation was created in 2016 by CCFD-Terre Solidaire to act, particularly in France, in the face of the two major challenges of our time: the massive degradation of our environment (including biodiversity and climate), and the need to building a fairer and more ecologically responsible society. The association remains mobilized on its	Support and encourage initiatives carried out by citizen mobilizations and actors of the social and solidarity economy in the design, implementation, dissemination and experimentation of
